The charts and tables below provide a snapshot of the responses to the BIACUC Service Survey. During this reporting period, 20 investigators received an invitation to complete a survey to assess their interaction and experience with the BIACUC. The invitation was sent to investigators who received approval from the BIACUC office for new protocols, amendments, and continuing reviews. The PI or contact person was asked to complete the survey one time per invitation. The survey was sent five times between January 5, 2022 and February 15, 2022 and received 7 responses (35% response rate).

Below is a summary of the results from BIACUC Approvals for spring 2022.
