Service Survey

Fall 2023

The charts and tables below provide a snapshot of the responses to the HSO Service Survey.

During this reporting period, investigators received an invitation to complete a survey to assess their interaction and experience with the Human Research Protection Program and IRB. The invitation was sent to 820 investigators who received approval from the IRB office for new protocols, amendments, and continuing reviews. The PI or contact person was asked to complete the survey one time per invitation. The survey was sent four times between September 4, 2023 and October 4, 2023 and received 97 responses (12% response rate).

Below is a summary of the results from IRB Approvals for fall 2023.
